

63-position distribution box

Overview

Power distribution box, ideal for the stage and events environment, supplied with PCE plugs and sockets with MCB Type C on the incoming and out going 3PH sockets & RCBO breakers on each outgoing 1PH socket. Integrated HDPE handles and rubber feet. The distribution box has the following outputs: 9x CEE 230V 16A 3p and 2x 2 x CEE 400V, 32A 5p 6h. The double-insulated polyethylene IP67 has an earth. Stackable box design made with shock-resistant polyamide and steel carry handle. Compact event power distro with RCBO protection. It's well suited to setups where a 415V feed needs to be split across multiple high-load circuits without overcomplicating the. Our special solid-rubber Jubilee version, like our other construction distribution boards, is made with high-quality materials and built using the latest technology, resulting in an extremely robust design. Manufactured with 63A 3phase input and pass through for onsite daisy chaining of multiple distribution units on one power run.
