

72-core optical cable manufacturer

Article Overview

Leading manufacturers of 72-core optical fiber cables include HuaDong Cable Group, OWIRE Cable, Hongan Group, Mireko, and ME Fiber Optic, offering both single-mode and multimode options for aerial, duct, and indoor/outdoor applications.

Key Manufacturers and Suppliers

- 1. HuaDong Cable Group** HuaDong specializes in GYTS fiber optic cables with 72 cores, suitable for duct and aerial installations. They offer both single-mode and multimode cables, with loose tube stranding for stress-free fiber movement. Their cables feature corrugated steel tape armor, PE outer sheath, and metal strength members for crush and gunshot resistance. HuaDong exports globally, including to South Africa, Southeast Asia, and the Middle East, and provides custom designs based on client requirements .
- 2. OWIRE Cable** OWIRE emphasizes B2B selection guidance for 72-core cables, helping buyers choose based on fiber standard, loose tube structure, jacket material, tensile strength, installation route, drum length, and testing. They cater to network contractors, FTTH installers, ISPs, and OEMs, ensuring batch consistency, export packing, and after-sales support .
- 3. Hongan Group** Hongan Group, based in Shandong, China, produces outdoor and indoor fiber optic cables, including 72-core CST optical fiber cables. They have advanced production lines and testing equipment imported from the US, Japan, and Europe, with a production capacity of 50 million core kilometers. Hongan offers high-quality, reliable cables for telecom, data centers, and FTTx applications
