

Brunei Dust Explosion-proof Distribution Box Model

Overview

The MAMX02/03 Series Explosion-Proof Control and Distribution Boxes are engineered to deliver advanced protection and long-term performance in hazardous areas, including explosive gas atmospheres and combustible dust environments. Flameproof enclosure (Ex d IIB+H2), which can be used as feed distribution equipment in control and distribution system (such as distribution box, switch box of main circuit, control box, terminal box or motor starting box etc.) ·Enclosure: stainless steel. Equipped with specialized hinge. Atexdelvalle offers world-class explosion-protected solutions guaranteeing highest quality and performance with no compromise. Manufacture custom made Local Control Stations & Distribution Boxes, local control panel boards and stations, explosion protected control units, distribution. Category: Explosion Proof Junction Box, Distribution Box, Loadbank, Change Over Switch. Options range from Ex d (flameproof enclosure) to Ex e (increased safety) and Ex i (intrinsically safe) right through to Ex p (pressurized housing), as well as combinations of different explosion-protection types – always bearing in mind the most efficient solution for your application. BARTEC. Warom Explosion proof Distribution Boxes. Flameproof enclosure Ex d IIB+H2 Copper-free aluminium enclosure, powder coated surface.
