

Cable tray steel plate specifications and prices

Article Overview

Steel cable trays typically cost between \$10 and \$30 per meter, depending on type, coating, and size.

Steel cable tray prices vary based on material, surface treatment, tray type, and dimensions. Galvanized steel trays are the most common, with prices ranging from \$10 to \$35 per meter for standard indoor or outdoor use, while stainless steel trays can cost \$50 to \$120 per meter for high corrosion resistance or chemical exposure applications. Aluminum trays are lighter and rust-proof, priced between \$20 and \$50 per meter .

Factors Affecting Price

- Coating and Finish: Pre-galvanized steel adds \$1-\$3 per meter, hot-dip galvanized \$5-\$10, and powder-coated finishes \$3-\$8 per meter for durability and aesthetics .
- Tray Type: Ladder trays are heavier-duty and cost \$15-\$50 per meter, perforated trays \$10-\$40, wire mesh trays \$8-\$30, and solid-bottom trays \$12-\$45 per meter .
- Dimensions: Wider or deeper trays require more material, increasing cost. For example, a 60×60 mm tray may cost \$2-\$5 per meter, while a 600×100 mm tray can reach \$15-\$25 per meter .
- Order Quantity: Bulk purchases can reduce costs by 20-40% .
- Location and Shipping: Prices vary by region due to labor, transportation, and local demand. In the USA, steel trays typically range from \$10-\$40 per meter
