

Color of U-shaped steel cable tray

Article Overview

U-shaped steel cable trays are commonly available in blue, gray, and black, with options for custom colors through powder coating or surface treatment.

Standard Colors

U-shaped steel cable trays are typically finished with powder coating or hot-dip galvanizing for corrosion resistance and durability. Standard powder-coated colors include:

- Telecom Blue – often used in telecommunications and data center environments for easy identification .
- Classic Gray / Huawei Gray – a neutral color suitable for most industrial and commercial installations .
- Black (RAL 9005) or Light Gray (RAL 7035) – commonly offered by manufacturers in the UK and Europe .

Customization

Many manufacturers allow custom colors to match specific design requirements or corporate branding. This is achieved through powder coating, which provides a uniform, durable, and aesthetically pleasing finish .

Surface Treatments

- Powder Coating: Provides color options and corrosion resistance, suitable for indo...
