

Direct Sales from Indonesian Low-Voltage Busbar Manufacturer

Article Overview

Several Indonesian manufacturers offer high-quality low-voltage busbars for direct purchase, including PT. Hega Cipta ElektriKA, PT. Powerindo Prima Perkasa, and Ega Tekelindo Prima.

Key Manufacturers and Products

- PT. Hega Cipta ElektriKA (Serpong Utara, BSD) specializes in CCA (Copper Clad Aluminum) busbars, combining high conductivity with cost efficiency. Their busbars are processed with advanced European machinery and certified by TÜV Rheinland, offering over 90% of the conductivity of full copper busbars for the same cross-section and operating temperature .
- PT. Powerindo Prima Perkasa (Tangerang) manufactures high-quality low-voltage busbars, including 50 x 10 mm phase busbars. Their products are designed for modern electrical infrastructure and comply with industrial standards .
- Ega Tekelindo Prima (Jakarta) produces low-voltage switchgear and busbars that meet international standards, suitable for industrial and utility applications .
- Legrand Indonesia provides a wide range of busbar solutions for commercial, industrial, and residential applications, emphasizing modularity, safety, and efficient power distribution .
- PT. Trias Indra Saputra focuses on cable management systems but also supports busbar integration in industrial setups .
