

Dutch fiber optic terminal box manufacturer

Article Overview

Norden and LGCE are leading Dutch manufacturers and suppliers of fiber optic terminal boxes, offering solutions for industrial, commercial, and FTTH applications.

Norden

Norden is a prominent DIN rail-mounted fiber optic terminal box manufacturer in the Netherlands, specializing in compact fiber management enclosures for installation inside control cabinets or telecom racks. Their products provide secure and organized termination points for optical fibers, supporting splicing, termination, and distribution in both industrial and commercial environments. Norden emphasizes quality and reliability, making it a key supplier for Dutch and European telecom and industrial projects .

LGCE

LGCE is another Dutch supplier and producer of fiber optic solutions, including pre-assembled PoP housings, cable markers, and other FTTH components. They have extensive experience working with major Dutch operators such as Reggefiber, CIF, and KPN, as well as municipal projects like Rotterdam. LGCE focuses on flexible, cost-efficient solutions and supports project logistics, inventory management, and technical advice, making them a versatile partner for large-scale fiber deployments .
