

EU Fire-Resistant Cable Tray Brands

Article Overview

Leading EU manufacturers of fire-resistant cable trays include Meka, Trayco, and DKC Europe, offering tested and certified solutions for safe electrical installations.

Meka

Meka, based in Finland, specializes in fire-resistant cable support systems including cable trays, cable ladders, and wire mesh trays. Their products are extensively tested according to EN 1363-1 standards, ensuring that electrical systems remain operational during fire events. Meka offers over 1,200 fire-tested standard products, designed to withstand load without collapsing and to minimize toxic gas emissions in case of fire. They provide detailed installation instructions and fire-rated fastening accessories to ensure compliance with international standards and local regulations .

Trayco

Trayco, a Belgian manufacturer, produces cable trays, mesh trays, and cable ladders with a focus on fire safety. Their fire-resistant systems are tested according to DIN 4102-12 and comply with Belgian AREI regulations (Article 104). Trayco emphasizes installation-friendly solutions that maintain the operation of critical electrical systems such as fire alarms and emergency lighting for 30-90 minutes during a fire. They also provide consulting and guidance during installation to ensure proper compliance and safety .
