

EU-made domestic optical fiber cable manufacturers for smart buildings

Article Overview

Leading European manufacturers for domestic optical fiber cables include Prysmian Group, Nexans, Tratos Group, WEINERT Industries AG, and TKH Group, offering solutions optimized for smart building installations.

Key Manufacturers and Their Offerings

1. Prysmian Group (Italy) Prysmian is a global leader in optical fiber technology, producing high-density cables and microcables suitable for indoor installations. Their BendBrightXS fibers allow tight-radius bends without signal loss, ideal for routing through confined building spaces. They also offer FTTH solutions and fire-resistant cables compliant with European CPR standards, making them suitable for smart building networks . 2. Nexans (France) Nexans specializes in CPR-compliant cables that limit flame spread and toxic smoke, essential for indoor safety. Their cables maintain signal integrity under fire conditions and are available in Cca-rated versions, meeting strict European building codes. Nexans also provides detailed carbon footprint documentation, supporting sustainability goals in smart building projects . 3. Tratos Group (Italy) Tratos offers a versatile range of fiber optic cables for residential and industrial environments. Their low smoke, zero halogen (LSZH) cables are fire-resistant and suitable for indoor smart building networks. Tratos' FTTH range supports high-speed broadband and is designed for easy installation in apartments and office buildings. They also produce microcables for tight spaces and specialized compounds for enhanced performance . 4. WEINERT Industries AG (Germany) WEINERT provides a comprehensive portfolio including singlemode, multimode, radi...
