

Eh108 Fiber Optic Sensor

Overview

Download EH-108 Keyence datasheet PDF, view technical specifications, and find pricing information. EH-108, Sensor Head, Shielded Type, M8 in ES series by KEYENCE America. Separate amplifier proximity sensors with twice the detecting distance of self-contained sensors and a range of up to 8-mm (shielded) and up to 70-mm (non-shielded). Teknihaus is not an authorized dealer, agent or affiliate of any of the designers, brands. New: A brand-new, unused, unopened, undamaged item in its original packaging (where packaging is. Packaging should be the same as what is found in a retail store, unless the item was. To receive a proposal, please send your request to and specify the required positions and company details. *1 Not designed for immersed use. We are focus on before after sales service.
