

German panel distribution box manufacturer

Article Overview

Germany hosts a range of leading manufacturers of electrical distribution boxes, including Hager, OBO Bettermann, E-T-A, Bender, Wieland, VIOX, and R. STAHL, offering solutions for residential, commercial, industrial, and hazardous environments.

Key Manufacturers and Their Offerings

Hager is a prominent manufacturer of electrical installation solutions, providing a wide range of distribution boards such as TP&N Boards and Invicta Panelboards. Their products are designed for efficient energy distribution in commercial and residential projects, emphasizing innovation and reliability . OBO Bettermann specializes in desk boxes and modular distribution solutions, including freestanding, retractable, and foldable models. Their systems support modern electrical installations with efficient cable routing and integration into architectural designs . E-T-A Elektrotechnische Apparate GmbH focuses on power distribution systems with tailored solutions, including Power Board Modules for various voltage levels, enhancing reliability and reducing system complexity . Bender GmbH & Co. KG provides electrical safety products, including main distribution board switching solutions for hospitals. Their ATICS® changeover and monitoring devices ensure safe transitions between independent supply lines, improving reliability in critical applications . Wieland Electric offers decentralized and pluggable distribution boxes suitable for smart buildings and harsh environments. Their solutions comply with IEC 61439 and IEC 61535 standards, supporting energy, signal, and data distribution with flexible insta...
