

Gpj-a junction box

Overview

Up-down bisection GPJ-A is an arc, horizontal type. Innovative insert plates and fixing bolts are used to fix and seal FOSC, and its installation is quite simple. The FOSC is suitable for protecting fiber cable splices in straight-through and branching applications. It can be placed in aerial. Fiber Optic Splice Closure, Optical Fibre Splice Closure, Fiber Optic Termination Box, FOSC, Joint Closure, Junction Box, fiber Enclosure Basic Info. Company Introduction: We are a professional producer specialized in manufacturing and marketing communication equipments of high-tech. Waterproof and Durable Design: The GPJ09-5601 fiber optic splice joint closure box is designed with a single-ended structure and a dome style, ensuring a secure and watertight seal with an IP68 protection grade. The two-component box includes easily perforated knockouts on all sides.
