

Haiti Cable Management Rack Specifications

Article Overview

Cable management racks in Haiti typically feature 19" rack compatibility, multiple U-space options, and flexible mounting for overhead trays or cabinets.

Siemon Cable Tray Rack

Siemon's Cable Tray Rack is designed to mount directly to overhead ladder racks or cable trays, providing 4U of 19" rack mount space above cabinets without consuming floor space, ideal for Zone Distribution Areas (ZDA) or Equipment Distribution Areas (EDA) in data centers . Key specifications include:

- Mounting Options: Can be mounted below, flush, or above cable trays in parallel or perpendicular configurations.
- Compatibility: Works with all common overhead cable tray and ladder rack systems, including Siemon's RouteIT system.
- Cable Management: Includes high-capacity 1/4 turn twist-lock cable managers for easy installation without screws or tools.
- Thermal Efficiency: Improves airflow by managing patching fields and cabling above racks.
- Deployment: Supports rapid deployment with pre-terminated copper and fiber solutions.
