

Ladder-type cable tray welding

Overview

Our welding ladder-type cable trays are designed for easy installation, organized wiring, and reduced maintenance efforts. What is Cable Tray?

A cable tray is a unit, or set of units. Electricians have placed their trust in OBO Bettermann cable ladders for decades. Customers can always rely on the robust and easy-to-mount structure of each individual. We have more than a decade's worth of experience making and designing quality cable tray and cable management systems. Our knowledgeable production team works closely with each customer to provide quality solutions based on your schedule and budget. Widely used in industrial plants, commercial complexes, and power distribution systems, our trays are precision-welded using premium-grade. Ladder-type cable trays are strong and versatile structures used to support and arrange cables in a variety of industrial and commercial environments.
