

Landscape Protection of Distribution Boxes

Overview

Big bluestem (*Andropogon gerardii*), feather reed grass (*Calamagrostis*), and red or switchgrass (*Panicum virgatum*) are ideal choices for concealing utility boxes in landscaping. These grasses can be cut down mid-summer and will regrow. ☐☐ Quick Answer: An outdoor electrical junction box is a weatherproof enclosure where electrical wires connect or split, required by code to protect connections from moisture, provide safe access for maintenance, and prevent electrical hazards in exterior applications. In the event of an equipment failure or a power outage, it's important that our workers have safe access to the equipment to make needed repairs. OPPD crew members repair a padmount transformer using a “hot stick. If you're looking to enhance your garden while hiding those pesky electrical boxes, consider using.
