

Manufacturer of best-selling cold aisle wire mesh racks

Article Overview

Modular Rack Systems (MRS) and Kaltgang Warmgang are among the leading manufacturers of high-quality cold aisle wire mesh racks for data centers.

Leading Manufacturers

Modular Rack Systems (MRS) specializes in cold aisle containment solutions designed to maximize cooling efficiency, reduce energy consumption, and extend equipment lifecycle. Their racks are made from high-quality aluminum and steel, offering customizable designs including swing or sliding doors, top panels, and integrated lighting solutions to meet modern data center requirements . MRS is recognized for providing durable, flexible, and energy-efficient containment systems. Kaltgang Warmgang offers steel-based cold aisle and hot aisle containment systems, including mesh partition walls. Their solutions focus on modular flexibility, energy efficiency, and custom designs tailored to unique data center layouts. They also provide additional steel construction technology for platforms, stairways, and railings, ensuring comprehensive support for server room infrastructure . AD Racking produces wire mesh shelving and decking suitable for cold storage and industrial applications. With over 23 years of experience exporting to more than 85 countries, AD Racking provides adjustable, customizable shelves with a 10-year warranty, making them a reliable choice for warehouses and storage facilities . Banker Wire is a long-established manufacturer of woven and welded wire mesh, offering high-precision, custom-made mesh solutions for industrial and architectural applications. They provide a wide range of stainless steel, brass, and aluminum wire mesh with v...
