

Mexico Flame-Retardant Optical Cable Manufacturer

Article Overview

Key manufacturers and distributors of flame-retardant optical cables in Mexico include MaxFiber®, FibraMarket, Osrami Telecomunicaciones, and Importek, offering LSZH and FRLS fiber optic solutions for industrial and telecommunications applications.

Leading Companies

MaxFiber® is a Mexican manufacturer and distributor specializing in fiber optic equipment and materials, including flame-retardant cables, fusion splicers, and optical testing equipment. They provide high-quality telecommunications solutions tailored to customer needs, emphasizing reliability and compliance with safety standards . FibraMarket is a distributor with over 20 years of experience, offering a wide range of fiber optic products, including cables, connectors, and jumpers. They provide tailored solutions for industrial and commercial applications, ensuring optimal performance in safety-critical environments . Osrami Telecomunicaciones focuses on infrastructure solutions, including structured cabling and LSZH optical cables. Their products, such as the CABLE OPTICO CFOT-SM-UB 24F G-652D LSZH, are suitable for installations requiring low smoke and zero halogen properties . Importek specializes in structured cabling installation and fiber optic network solutions, including multimode and single-mode flame-retardant cables. They offer services for laying, connecting, and fusion splicing, supporting both industrial and enterprise networks .
