Micron Technology

On January 27, 2026, Micron Technology committed approximately \$24 billion to expand its wafer manufacturing operations in Singapore, adding 700,000 square feet of cleanroom space at an

Microns Supplier Requirements Standard

Micron Supplier Requirements Standard (SRS) 1.0 Purpose and Scope: This standard describes the minimum quality, business process, manufacturing, compliance, and documentation requirements for

Micron Technology

Micron was founded in Boise, Idaho, in 1978 by Ward Parkinson, Joe Parkinson, Dennis Wilson, and Doug Pitman as a semiconductor design consulting company. Startup funding was provided by local Idaho businessmen Tom Nicholson, Allen Noble, Rudolph Nelson, and Ron Yanke. Later it received funding from Idaho billionaire J. R. Simplot, whose fortune was made in the potato business. In 1981, the company moved from consulting to manufacturing with the completion of its first wafer fabrication unit ("
