

Passive Optical Splitter Company

Article Overview

Top passive optical splitter brands include YINGDA Technology, Shenzhen Spring Optical, Hosecom, SENKO, T&S Communications, HYC Co., and PPC Broadband.

Leading Brands and Manufacturers

- YINGDA Technology Limited – Recognized as a top-ranked manufacturer of fiber optic splitters, offering both FBT and PLC splitters suitable for FTTH and FTTX networks .
- Shenzhen Spring Optical Communication Co., Ltd – Provides a wide range of optical products, including polarization-maintaining splitters, patch cords, and various connector types .
- Hosecom Limited – Specializes in fiber optic splitters and related passive optical components .
- SENKO – Offers passive optical splitters for GPON, BPON, EPON, and 10G PON networks, focusing on high-speed broadband and last-mile FTTP applications .
- T&S Communications – Manufactures high-quality PLC splitters and FBT couplers, emphasizing flexibility and scalability in optical transport systems .
- HYC Co., Ltd – A leading producer of PLC splitters, ensuring efficient and reliable fiber optic network performance .
- PPC Broadband – Provides PLC splitters and other fiber solutions for outside plant applications, designed for easy installation and future-proofing of FTTx networks .
- Fibre2EU GmbH and Anskom Telcom – Offer a range of fiber optic splitters and splitter boxes for FTTX networks, supporting both FBT and PLC technologies .
- GrenTech – Specializes in PLC splitters for efficient optical power distribution in FTTH and passive optical networks

Article Content

Optical Splitters

Our optical distributors enable the passive distribution of optical signals to 16, 32 or 64 outputs and ensure efficient signal distribution

Passive optical network

Downstream traffic in active (top) vs. passive optical network A passive optical network consists of an

What is an Optical Splitter? The Ultimate Guide to Fiber Optic Splitters

Introduction Fiber optic networks connect the world. They carry data at the speed of light. But have you ever wondered

Passive Components

Lightel fiber optic couplers and splitters are a reliable product with various bandpass, splitting ratios, fiber types and

Active vs Passive Optical Splitter: Key Differences Explained

Learn the difference between active vs passive optical splitters, including working principles, use cases, and how to

3M Passive Optical Splitter Shelves and Modules

3MTM Passive Optical Splitter Shelves and Modules 3M offers a robust portfolio of passive optical fiber splitter products made to

Passive Optical Fiber TAPs for Hyperscale Data Centers

Deploy up to 192 passive optical TAP splitters in the patented and customizable 1RU SplitLight chassis, saving valuable rack space

Optical Passives | ANS

Discover Amphenol Network Solutions' high-performance optical passive components, including splitters, WDMs, and fiber

Passive Optical Splitters

Based on our extensive knowledge on passive optical components combined with the decades of experience of working closely with

PASSIVE OPTICAL SPLITTER

A Passive Optical Network (PON) is a fiber optic technology utilizing point-to-multipoint topology and optical splitters to deliver data

Optical Splitters for Central Office/Headend

Passive optical devices, singlemode PLC and FBT devices bare splitters and couplers specification and

Global Passive Optical Splitter Supply, Demand and Key Producers,

This report profiles key players in the global Passive Optical Splitter market based on the following parameters - company overview,

Fiber Optic Splitter factory

China Fiber Optic Splitter manufacturer, KOCENT OPTEC LIMITED is Fiber Optic Patch Cord factory, offering quality products at

Fiber Optic Passive Device Manufacturer ODM JDM | HYC Co., Ltd

Innovative ODM/JDM of Passive Optical Components Founded in 2000, HYC Co., Ltd (HYC) is an innovative

The Working Principle and Application Scenarios of Fiber Optic Splitters

Fiber optic splitters are essential passive devices in modern optical communication systems, enabling the division of a

Passive optical splitter

Abstract—Passive Optical Network (PON) technologies have been deployed widely for Fiber-To-The-Home (FTTH) services. PON

Passive Optical Products

CM2 Optical Splitters (1x2) provide a ruggedized housing ideal for customer premise deployments utilizing two optical network units

Top 100 Optical Splitter Manufacturers in 2026 | ensun

HYC Co., Ltd is a prominent manufacturer of passive optical devices, including PLC splitters, which are a type of optical splitter. Their

Fiber Optic Splitters | PLC & FBT Optical Splitters

Overview of Fiber Optic Splitters A fiber optic splitter, also known as an optical splitter or a beam splitter, is

18 Fiber Optic Splitter Manufacturers in 2026

This section provides an overview for fiber optic splitters as well as their applications and principles. Also, please take a look at the

HTL Ltd. | Optical Splitters

Optical Splitters Optical splitters are based on planar light wave circuit technology and high precision alignment. MXN splitters can

Fiber Optic Splitter

Fiber Optic Splitter, or optical splitter, is a passive optical device that can split fiber optic incident light beams into two or more at a

PLC Splitter and download the loss chart of PLC splitter

Optical splitters, including FBT (Fused Biconical Taper) couplers and PLC (Planar Lightwave Circuit) splitters, are

Optical Splitters Demystified: The Silent Heroes Powering Your FTTH ...

An Optical Splitter, also known as a beam splitter, is a passive optical device that divides a single input optical signal

Fiber Optic Products Manufacturer Wholesale Supplier China | OPELINK

OPELINK Founded in 2013, in China, is a leading worldwide manufacturer, supplier and wholesale of passive and active fiber optic
