

Peruvian Three-Layer Industrial Switch Manufacturer

Article Overview

Hirschmann, Cisco, Westermo, and AOA Tech provide Layer 3 industrial Ethernet switches in Peru, offering robust, secure, and fully managed networking solutions for industrial applications.

Key Manufacturers and Distributors in Peru

1. Hirschmann (Belden Brand) Hirschmann is a leading provider of industrial networking solutions, including Layer 2 and Layer 3 managed switches, industrial security systems, and wireless LAN solutions. Their products are designed for factory automation, process control, transportation, and mechanical engineering, providing reliable, secure, and high-performance connectivity. Hirschmann switches support IT/OT convergence, IP cameras, VoIP phones, and offer comprehensive cybersecurity features for industrial networks. They are available through distributors like Mouser Perú . 2. Cisco Cisco offers a wide range of Industrial Ethernet (IE) switches, including the IE2000, IE3200, IE3400, IE4000, and IE5000 series, which are designed for harsh industrial environments. These switches provide modular and fixed configurations, Gigabit Ethernet, advanced security, and IoT integration capabilities. Cisco also provides industrial routers, IoT gateways, and cybersecurity solutions like the ISA 3000 firewall to protect operational networks. Cisco products are distributed in Peru through PRECISION Perú . 3. Westermo Westermo specializes in industrial Layer 3 Ethernet switches with advanced routing, static routing, VPN support, firewalls, and inter-VLAN data flow. Their switches are rugged, suitable for rail, energy, utilities, and road infrastructure, and include managed Layer 2 and Layer 3 options. Westermo s...
