

Price list for cable mesh trays

Article Overview

Mesh cable trays are available in a wide range of prices, from as low as \$0.80 per unit for bulk B2B orders to \$34 for retail consumer purchases, depending on size, material, and supplier.

Retail Pricing (B2C)

For small-scale or individual purchases, mesh cable trays are typically priced between \$15 and \$34 per unit. These are commonly available through online retailers and industrial supply stores, offering ready-to-use straight sections, curves, tees, and other fittings for complete cable management systems . Grainger, for example, provides wire mesh trays designed for data communication cables, with smooth mesh to prevent cable abrasion and ventilation to reduce heat buildup . McMaster-Carr also offers over 475 styles and sizes with same- or next-day delivery .

Bulk and Wholesale Pricing (B2B)

For large-scale projects or bulk orders, prices are significantly lower, ranging from \$0.80 to over \$76 per unit, depending on material (stainless steel, galvanized steel, aluminum) and tray dimensions . Suppliers like Alibaba, NEW SUNPLN TECHNOLOGY, and Hopex (Tianjin) provide customized and high-volume options, which are ideal for construction projects, data centers, and industrial installations . Bulk purchasing often requires a larger initial investment but offers higher ROI due to volume discounts .

Material and Size Considerations...
