

Price of 12-core stranded optical cable

Article Overview

The price of a 12-core stranded optical fiber cable typically ranges from \$0.50 to \$1.50 per foot, depending on type, jacket, and supplier.

Pricing Overview

- Multimode OM3/OM4 Indoor/Outdoor Cable: A 1000 ft spool of 12-strand OM3 multimode fiber optic cable with plenum-rated jacket is available on Amazon for approximately \$500-\$700, which equates to roughly \$0.50-\$0.70 per foot . OM4 versions sold by Fiber By the Foot may be slightly higher due to enhanced performance and plenum rating .
- Singlemode Riser/Indoor-Outdoor Cable: Singlemode 12-strand cables, such as Prysmian's riser-rated or plenum-rated options, are typically priced higher, ranging from \$0.80 to \$1.50 per foot, depending on length, jacket type, and environmental protection features .
- Custom Length and Jacket Options: Suppliers like Stonewall Cable allow ordering 12-strand fiber in any length with options for connectors, jacket type (PVC, plenum, LSZH, armored), and direct burial or aerial installation. Prices vary based on these customizations, but standard indoor/outdoor plenum cables generally fall within the \$0.60-\$1.20 per foot range
