

# Price of 72-core OPGW optical cable

## Article Overview

The price of a 72-core OPGW cable typically ranges up to RMB 30,000 per kilometer, depending on specifications and supplier.

### Price Range

The current market price for a 72-core OPGW cable is generally around RMB 30,000 per kilometer, though it can vary based on material composition, structural design, and order quantity (GL Fiber Cable), . Prices may fluctuate depending on market demand, supplier location, and additional features such as armored protection or specialized fiber types.

### Factors Affecting Price

- **Material Composition:** Stainless steel tubes, aluminum cladding, and aluminum alloy wires influence cost (Huadong Cable), .
- **Cable Structure:** Central tube design, layer stranding, and armored layers can increase price.
- **Fiber Count:** Higher core counts, like 72 cores, are more expensive than lower-core variants.
- **Order Size and Supplier:** Bulk orders or factory-direct purchases may reduce per-kilometer cost (DHCable), .
- **Environmental Adaptation:** Cables designed for extreme weather or high-voltage lines may carry a premium.
