

Price of Azerbaijan Aluminum Alloy Cable Tray

Article Overview

The price of aluminum alloy cable trays in Azerbaijan varies widely depending on size, type, and supplier, typically ranging from \$10 to \$50 per meter for standard industrial trays.

Overview of Pricing Factors

Aluminum alloy cable trays are generally more expensive than steel or PVC trays due to their lightweight, corrosion resistance, and durability . Prices are influenced by:

- Tray type: Ladder, solid bottom, wire mesh, or trough designs affect cost. Ladder trays are common for long runs and moderate loads, while solid bottom trays are heavier and more expensive .
- Dimensions: Width, depth, and thickness of the tray impact material usage and price.
- Finish and coating: Anodized or powder-coated trays for high-corrosion environments cost more.
- Quantity and bulk orders: Large orders often reduce the per-meter price.
- Supplier and import costs: Local manufacturers like Jeetmull Jaichandlall (P) Ltd. provide tailored trays, while imported trays may include shipping and customs fees .
