

# Price of Finnish Cable Trays

## Article Overview

Cable tray prices in Finland vary widely depending on material, type, and size, typically ranging from €20 to €150 per meter for standard industrial trays.

### Price Overview

The Finnish cable tray market includes metal, plastic, and wire mesh trays, with prices influenced by material quality, corrosion resistance, fire safety certification, and supplier. Wire mesh trays for offices, ICT, and industrial applications are lightweight and easy to install, often priced in the lower to mid-range of the market, while solid-bottom or ladder-type trays designed for heavy-duty industrial use are more expensive due to durability and compliance with Nordic and EU standards .

- Plastic cable trays are generally less expensive than metal trays, with prices influenced by production costs, import volumes, and domestic demand .
- Electro-galvanized or corrosion-resistant metal trays suitable for outdoor or harsh environments command higher prices due to material and surface treatment .
- Large-scale project orders may benefit from bulk pricing, while small-batch purchases for maintenance or retrofitting are typically more expensive per meter .

### Market Context

The Finnish market is mature and competitive, served by domestic manufacturers, European suppliers, and global specialists. Prices are affected by regulatory standards for fire safety and electromagnetic compatibility, as well as material innovations aimed at durability and sustainability . Demand is linked to industrial au...
