

Price of rainproof tray-type cable trays in Australia

Article Overview

Rainproof cable trays in Australia typically range from AUD 50 to AUD 400 per meter, depending on material, type, and load capacity.

Overview of Cable Tray Types and Materials

Rainproof or outdoor-suitable cable trays are generally made from stainless steel, hot-dip galvanised steel, or aluminium, which provide corrosion resistance and durability in wet environments . Common types include:

- Ladder trays: Open rung design, ideal for heavy loads and outdoor use, allowing maximum airflow and easy cable routing .
- Wire mesh (basket) trays: Lightweight, perforated design suitable for rainproof applications, providing ventilation and easy access .
- Trough or solid-bottom trays: Enclosed design for maximum protection against moisture and physical damage .

Price Ranges

Based on supplier information:

- Lightweight perforated or wire mesh trays: Approximately AUD 50-120 per meter, suitable for smaller cable loads and moderate outdoor exposure .
- Standard ladder trays (galvanised or aluminium): Around AUD 120-250 per meter,...
