

Price of small electrical boxes distribution boxes for construction sites

Article Overview

Small electrical distribution boxes typically cost between \$30 and \$150 per unit, depending on size, material, and features, with installation adding \$100-\$300 for standard setups.

Retail Prices

For small, ready-to-use distribution boxes suitable for construction sites or residential projects:

- Compact power distribution boxes with 110V input, 60A capacity, and multiple circuit breakers are priced around \$50-\$120. These often include waterproof sockets, pre-wired interiors, and safety certifications like ETL (Amazon listing) .
- Mini X-TREME boxes for 125/250V, 30A input, with 8 circuit breaker-protected outlets, are designed for smaller jobs and portable generator connections, typically costing \$100-\$150 .

Factors Affecting Price

- Material: Plastic boxes are cheaper than metal or weatherproof units. Weather-resistant or IP-rated boxes can increase cost by 30-60% .
- Amperage and circuits: Higher amperage or more circuits increase the price. A basic single-phase box is cheaper than a multi-circuit subpanel .
- Features: Integrated meters, smart monitoring, or advanced safety features add t...
