

Price of waterproof and explosion-proof electrical distribution boxes in Sri Lanka

Article Overview

Waterproof and explosion-proof distribution boxes in Sri Lanka typically range from USD 1.68 for standard 4-way units to higher prices for specialized IP65/IP66 enclosures, with bulk discounts available.

Typical Pricing

- Standard 4-way commercial units: Approximately USD 1.68 per unit for locally manufactured high-impact polystyrene boxes, suitable for general waterproof applications .
- IP65/IP66 weatherproof boxes: Prices vary depending on size, material, and features. For example, high-quality ABS resin boxes with silicon rubber seals for superior waterproofing and UV resistance are available from suppliers like General Power Electric .
- Explosion-proof or industrial-grade enclosures: These are generally more expensive due to reinforced materials, arc resistance, and compliance with safety standards. Prices are project-specific and may require direct quotations from suppliers such as Cubik Engineering Co. or S-LON Lanka .

Factors Affecting Price

- Material: ABS, PC, or high-impact polystyrene (HIPS) are common; HIPS offers a good durability-to-cost ratio .
- IP Rating: IP65+ is standard for outdoor and harsh environments; higher ratings or specialized sealing increase cost
