

Price quote for secondary distribution boxes at Armenian construction sites

Article Overview

Secondary distribution boxes for construction sites in Armenia typically range from \$150 to \$600 per unit, depending on type, material, and specifications.

Overview of Pricing

The cost of secondary distribution boxes varies based on material, size, IP rating, and pre-wiring options. Common types include:

- Sheet steel enclosures: Robust, often powder-coated, suitable for outdoor use; prices generally \$300–\$600 per unit depending on size and customization .
- Thermoplastic or fiberglass boxes: Lightweight, corrosion-resistant, often used for temporary construction setups; prices typically \$150–\$350 per unit .
- Pre-wired or modular units: Include internal breakers and sockets; can increase cost by 20–50% over basic enclosures .

Local Suppliers and Wholesale Options

- Armenian B2B marketplaces list multiple suppliers for power distribution boxes, allowing direct contact for quotes and bulk pricing ().
- Alibaba and international wholesalers offer construction distribution boxes suitable for import, with wholesale pricing available for large orders ().
- Ministry of Finance construction materials page provides general pricing trends for construction equipment in Armenia, which can help estimate local procurement cos...
