

Specifications of Zhanye Switch Distribution Box

Article Overview

Zhanye Switch Distribution Boxes are robust, waterproof, household electrical boxes available in multiple configurations, typically made of durable plastic with options for 10–42 circuit positions.

Material and Build

Zhanye distribution boxes are primarily constructed from high-strength plastic or PVC, sometimes with a frosted plastic surface and an iron base for added durability . They are designed to be waterproof, making them suitable for both indoor and outdoor use . The boxes are robust enough to protect electrical components and conceal wiring safely.

Circuit Capacity

The boxes come in various configurations:

- 10-position, 12-circuit models for standard household use .
- 12–42 position models in the M2 series, allowing for larger installations .
- Some models support 9–12 bit loop circuits, providing flexibility for different electrical setups .
