

Unbreakable Level 3 Distribution Box

Article Overview

The Unbreakable Level 3 Distribution Box is a booster box containing 24 packs, each with 6 randomly assorted cards from the NIKKE BT03 “Unbreakable” set.

Box Composition and Card Distribution

The Unbreakable booster box (BT03) is part of the NIKKE: Goddess of Victory – Nivel Arena trading card game. Each box contains 24 booster packs, and each pack includes 6 randomly assorted cards. The set features 75 standard cards plus additional special cards, with some cards appearing in special specifications or rarities . Because the packs are blind packs, the cards are distributed randomly, meaning the same card may appear multiple times, and there is no guarantee of pulling a specific card in a single pack . Collectors and players often purchase multiple packs or boxes to increase the chance of obtaining rare or desired cards.

Usage and Gameplay

- The booster box is not playable with a single pack; multiple packs are required to build a functional deck .
- Cards from the Unbreakable set can be used to enhance strategic play decks, especially for control-style or leader-focused strategies introduced in this set .
- The product is intended for players aged 15 and older and is not suitable for young children .
