

Zambia Mobile Fiber Optic Cable Direct Connection

Overview

Liquid Telecom is building the largest regional fibre network across Central Africa which will provide backhaul between most urban areas and last mile connectivity in the main cities. It will be directly connected to the submarine cables of Seacom, SAT3, WACS and Eassy. Simba Fiber Africa Limited is your trusted fiber-optic internet service provider in Zambia. We deliver high-speed broadband connectivity to homes and businesses, ensuring that you stay connected with the best technology available. Our fiber-to-the-home (FTTH) network guarantees faster and more. Zambia and Mozambique have officially launched a cross border fibre optic interconnector that links Zambia's national backbone to Mozambique's coastal infrastructure, marking a significant step in Southern Africa's digital integration drive. The 5 countries covered by the project are located in Central and Southern Africa and includes: the Democratic Republic of Congo. Luanda - Angola is due Tuesday to be linked, via a terrestrial fibre optic cable, from the central western province of Benguela, to the Democratic Republic of Congo (DRC) and the Republic of Zambia, in an event to be attended by the Angolan Head of State, João Lourenço, as well as the presidents of.
